

## Salute to Volunteers

### **HIALEAH HOSPITAL**

#### ***Margaret Ann Herold***

With more than 21 years of volunteer service to Hialeah Hospital, Margaret Ann Herold is a valued member of the hospital team. Despite living with a moderate mental disability, Herold has succeeded and grown within her volunteer responsibilities at Hialeah Hospital. Herold first started as a volunteer for nursing transportation and then transferred to the

mail room, where she has been proudly serving for the last 19 years. Herold is responsible for organizing and delivering mail to all hospital units and physician offices in the Medical Plaza. She also brings a smile to each and every physician, nurse, visitor, patient and hospital employee that she encounters.

Herold came to Hialeah Hospital in search of a positive way to stay active and engaged with others, and she found that and much more: a family. Hialeah Hospital would like to commend Herold for her commitment to the hospital and her many years of volunteer service.
