**HIALEAH HOSPITAL CELEBRATES FAMILY ATMOSPHERE BY UNVEILING
NEW “WE ARE FAMILIA” EXHIBIT**

Community Hospital showcases family spirit at the hospital

HIALEAH, Fla. - April 2011 – Hialeah Hospital is more than just a hospital; it’s a family. And to promote it’s family friendly environment, the hospital’s human resources department and administration proudly unveiled a new exhibit in the main lobby called “We are Familia,” a large mural show piece that features photos of many of the hospital’s employees and physicians. The mural, which was unveiled in late March 2011, also features various phrases in the different languages spoken by employees at the hospital.

“We are proud of our diverse culture at Hialeah Hospital,” said Ralph Aleman, CEO. “This mural project brings to life the family-centered feel of the hospital – it is an honor to be able to recognize our employees and physicians in this mural, who all work together to best serve our patients.”

At the unveiling of the mural, employees wore bright green shirts that reflect “We are Familia.” Employees, physicians, volunteers and medical staff were all invited to join hospital administration and human resources for the unveiling.
