

## CHILDBIRTH CLASSES

We provide free Childbirth Classes several times a month. Classes are conducted in both English and Spanish by a trained instructor. These classes teach common methods of relaxation and ensure that you and your partner know what to expect at every stage of childbirth.

For a schedule of upcoming classes, call 305-693-6100.

For a physician referral  
24 hours a day/7 days a week  
call 1-800-470-7422

Se habla español.

## HIALEAH Hospital

*A Family Center*  
MATERNAL CHILD CENTER

### SPECIAL CARE FOR HIGH RISK NEWBORNS

Hialeah Hospital has a Level II Neonatal Intensive Care Unit for babies with special needs. The unit is staffed by a team of affiliated neonatologists and nurses experienced in caring for high risk newborns.

### AWARD-WINNING CARE

Hialeah Hospital is proud to be ranked among the Top 5% in the nation for Maternity Services by HealthGrades for the sixth consecutive year. HealthGrades is the nation's largest independent healthcare ratings organization.

The birth of a child is a magical time for the entire family. Choosing a hospital for this momentous occasion is one of the first and most important decisions you'll make for your baby. The Maternal Child Center at Hialeah Hospital is right here in your neighborhood and offers comprehensive services to care for you at every stage of pregnancy.

### THE BIRTH

Hialeah Hospital boasts one of the more experienced staffs in the area. Many of our nursing staff have been with us for years and their knowledge and expertise is invaluable. Our entire team of friendly and compassionate medical professionals is dedicated to making the birth of your child a joyous and memorable occasion.

The Maternal Child Center offers attractive, comfortably designed rooms for labor, delivery and recovery, including spacious antepartum rooms. Private post-partum rooms are available. Your comfort is our biggest concern and we will ensure your stay with us is as peaceful and worry-free as possible.

### QUESTIONS TO ASK ANY HOSPITAL YOU'RE CONSIDERING FOR THE BIRTH OF YOUR CHILD

- How are you equipped to handle emergencies?
- What level nursery is available?
- How many deliveries take place at your hospital each year?
- What is the nurse-to-patient ratio?
- What are the hospital's statistics for cesarean sections, episiotomies, and mortality?
- What procedures are followed after the baby's birth? Can I breastfeed immediately if desired? Is rooming in available?
- How long is the typical postpartum stay for vaginal deliveries? For cesarean sections?
